

## A PLAN FOR SHELTER IN PLACE

- 1) If you hear the air raid siren for a prolonged period of time:
  - a) Go indoors and stay indoors
  - b) Tune your radio and listen for instructions
  - c) Notify hearing impaired or other handicapped people you know
  - d) If you are in a vehicle, close windows and air system
  - e) Stay calm
  
- 2) Tips on Staying Indoors
  - a) Stay calm
  - b) Close all windows and doors
  - c) Turn off all window fans, vents, air conditioners, furnaces, etc.
  - d) Do not use the telephone
  - e) Schools will care for and protect children; do not contact the school
  - f) Bring pets inside
  - g) If you need to, seal cracks around doors and windows with tape or wet towels
  
- 3) Items to Keep at Home
  - a) Battery-operated radio
  - b) Flashlight
  - c) Fresh batteries
  
- 4) Evacuation
  - a) Do not evacuate your area unless you are told to do so
  - b) In most chemical emergencies, it is best to remain inside
  - c) If evacuation is necessary, instructions will be given over the radios with areas affected by zip code
